Looping in our press folks working on this and one of our Navajo community involvement specialists - Secody - who is in Farmington or on the way. I tried to send this around several hours ago. My cell coverage in the Sierra foothills is spotty at best... Apologize for late reply. Bill K also in loop.

Kelly and Paula,

Can you get me some staffing numbers for field operations asap? Sorry for the short notice. We have a public meeting at 11 am in Farmington. I understand we have some folks working with Navajo on water sampling. Also, the folks in Colorado on both the response side and construction side.

Appreciate the help.

David
